

### WHO SHOULD ATTEND

Project Managers and  
Project Members.

### LEVEL

Advanced

### DURATION

1 day

### METHODOLOGY

Instructor-led presentation,  
exercise, and discussion.

Time:

9:00am to 5:00pm

Venue:

Mawea Industries Sdn Bhd

### PREREQUISITES

Students attending this course  
should have completed the  
Gateway to the 3DEXPERIENCE  
platform and should be familiar  
with ENOVIA Project  
Management Fundamentals.

### INTRODUCTION:

This course will teach you how to create and manage projects, assign project members, create tasks, create folder structures and define access rights for managing the documents related to the projects.

You will also learn how to create the process flows for the review and approval of tasks, and how to monitor the status of different projects.

### OBJECTIVES:

- Document the various risk areas of a project and track them.
- Create and manage the resource requirements for a project.
- Create budgets and benefits to monitor the financials of a project.
- Track the time spent on a project using time sheets.
- Create calendars for the projects.
- Identify the quality factors of a project and monitor them.
- Create an assessment to measure the project's health.
- Use dashboards to monitor the status of your projects.
